

GP ADHD Shared Care Program:

A Child & Adolescent Mental Health Services (CAMHS) initiative in partnership with GP Partners Australia (GPPA)

PATIENT CHECKLIST

Visit 3: You see your ADHD Shared Care GP for your first visit

Be aware health care and ADHD shared care is important and needs to be thorough.

The ADHD Shared Care health care requirements may take more than one GP visit to complete.

Booking a long appointment with the GP is recommended.

Book quarterly health checks or as advised by your Shared Care GP. This is additional to any other health care with your regular GP.

Book and attend GP advised appointments to plan medication scripts (may be different to 6 months e.g. patient or GP leave adjustments see details in Patient and GP Information)

First Psychiatrist Visit: You see the CAMHS Psychiatrist for your transition Psychiatry visit

Make sure to attend your regular visits with your ADHD Shared Care GP Plan with your GP referral needs for your next psychiatrist review as advised by the Transition Psychiatrist.
